

PROFESSIONAL SUMMARY

MERN Stack Developer with hands-on experience building secure, end-to-end applications using React, Node.js, Express.js, MongoDB, and REST APIs. Built e-commerce, personal finance, and AskMyDoc RAG projects featuring authentication, payments, server-side pagination, aggregation, and vector search. Brings prior experience in team leadership, client communication, and data-driven operations; seeking a junior MERN or Full Stack Developer role.

TECHNICAL SKILLS

Frontend: JavaScript (ES6+), React, React Router, Hooks, Tailwind CSS, Bootstrap, Material UI, HTML5, CSS3, Vite
JavaScript & React: Async/await, promises, event loop, closures, state/effect lifecycle, memoization

Backend: Node.js, Express.js, REST APIs, JWT, bcrypt, Nodemailer

Database & AI: MongoDB, Mongoose, Aggregation, Atlas Vector Search, SQL (basics), RAG, Gemini API, embeddings
API & Security: Authentication, authorization, CORS, validation, error middleware, pagination, filtering

Tools & Integrations: Git, GitHub, Postman, Stripe, Cloudinary, Netlify, Vercel, Render, Redux (working knowledge)

SELECTED PROJECTS

Trendz - E-commerce Platform

React | Express | MongoDB | Stripe | Cloudinary

LIVE: trendz-fe.netlify.app

- Built customer and admin workflows with JWT role authorization, product CRUD, Cloudinary image lifecycle management, stock checks, cart handling, and order persistence.
- Integrated Stripe Checkout and modeled payment outcomes while keeping failed-payment and cart states explicit for a reliable user flow.

AskMyDoc - RAG Document Assistant

React | Node.js | Gemini API | Atlas Vector Search

LIVE: askmydoc-rag.netlify.app

- Built a PDF-grounded assistant using the Gemini API for both response generation and embeddings, with MongoDB Atlas Vector Search for document retrieval.
- Implemented chunking, overlap, metadata, top-K retrieval, reranking, confidence thresholds, citations, and retrieval evaluation; rejected unrelated questions when evidence was insufficient.

Money Metrics - Personal Finance Dashboard

React | Express | MongoDB | JWT Cookies | Charts

LIVE: moneymetrics-fe.netlify.app

- Built user-scoped transaction CRUD with search, type/category and date filters, validated sorting, server-side pagination, aggregation summaries, and responsive loading/empty states.
- Implemented HTTP-only cookie authentication, OTP password reset, protected APIs, and centralized error handling.

PROFESSIONAL EXPERIENCE

FIRSTSOURCE SOLUTIONS LIMITED

Apr 2021 - Oct 2022

Analyst | Bengaluru, India

- Managed day-to-day operations and communicated with clients during Daily Touch Base and Monthly Calibration calls to understand requirements and delivery expectations.
- Collaborated with diverse clients and internal teams across multiple projects, adapting to changing needs while meeting timelines and quality standards.
- Evaluated client needs, communicated updates and priorities to team members, and supported issue resolution across daily operations.

KNOWLEDGE SPLICE SERVICES PVT. LTD.

Jul 2019 - Apr 2021

Assistant Team Lead | Bengaluru, India

- Helped launch and stabilize a pilot project from its initial operating stage.
- Presented weekly team performance to managers and led meetings, one-on-ones, and staffing-roster preparation.
- Analyzed productivity, consistency, and quality reports to identify training needs and support team improvement.

EDUCATION & COURSEWORK

Master of Business Administration - Annamalai University | 2020 - 2022

B.Sc. Computer Science - C. Abdul Hakeem College | 2016 - 2019

Full Stack Development - GUVI, IIT Madras Research Park

Web Development - Udemy

ACHIEVEMENTS

2020 - Earned a double promotion to Assistant Team Lead at Knowledge Splice.

2021 - Recognized as Best Supporting Staff at Firstsource.

2022 - Participated in two web-development hackathons.
